MSRP \$235.00

0150
Blade S30V, Tungsten DLC coating 3.5 in. (8.9 cm)
Scales 3-D machined G-10 in matte black
Overall 7.5 in. (19.3 cm)
Weight 3.6 oz. (5.0 oz. with sheath)
MSRP \$150.00

JB2-
Blade 13C26, Tungsten DLC coating .34 in. (.86 cm) entry point with a 270° cutting surface
Tools 02 tank wrench, carbide glassbreaker tip located at the butt of handle and .375, .438, .5 inch box wrenches
Overall 6.125 in. (15.6 cm)
Weight 2.4 oz. (3.4 oz. with sheath)
MSRP \$60.00

A shroud cutter and then some. The business end is a 270° cutting notch with a .34-in. entry point. It slices through cord, webbing, belts, bootlaces, and even clothing, if necessary. The JB2 also features a carbide glassbreaker tip, two oxygen tank wrenches, and three box hex wrenches.

**SERIOUS MISSIONS,
SERIOUS KNIVES**

Zero Tolerance knives are designed and built to handle serious missions. They're professional-grade knives, made for professionals. Military, law enforcement, emergency response—anyone who demands a knife they can count on, no matter what, demands a ZT. People say they're built like a tank, or a brick, or a beast; some even say they're overbuilt. But we say

that when a knife is made to address real world situations, including life-threatening situations, there can be no such a thing as "overbuilt." Premium materials, thoughtful design, heavy-duty and precise construction; that's Zero Tolerance. It's the one to get when you've got "zero tolerance" for anything but the very best. And yes, Zero Tolerance knives are made in the USA.

0160
Blade 14C28N, Tungsten DLC coating 5 in. (12.7 cm), .156 in. thick
Scales 3-D machined G-10 5 in. (12.7 cm)
Overall 10 in. (25.4 cm)

Overall 12.5 in. (31.8 cm)
Weight 1 lb. 3.4 oz. or 1 lb. 10 oz. with sheath
MSRP \$325.00

ABOUT THE STEEL

CPM S30V
An all-around premium stainless cutlery steel. This fine-grained vanadium steel offers extremely hard carbides, enabling it to take and hold a razor edge for an extended time. Zero Tolerance heat-treats this tough and wear-resistant steel to 57-59 Rockwell.

Vanax 35
A high-nitrogen powdered steel that forms extremely small and hard vanadium/chromium nitrides; it offers corrosion resistance the equal of austenitic stainless, a hardness of 60+ Rockwell, extreme wear resistance and edge retention.

154CM
A high-performance steel that holds an edge extremely well, is fairly tough, and moderately stain resistant. Heat treatment will affect the characteristics of this steel enormously; Zero Tolerance's technical expertise brings out the best in the steel. 59-61 Rockwell.

14C28N
The overall highest performing knife steel in the world that still maintains the productivity benefit of being fine-blankable. It was developed in a partnership between Sandvik and Kai USA, the makers of Zero Tolerance. Hardened to 58-60 Rockwell.

LIABILITY DISCLAIMER

ZT Knives are intended and sold for legitimate sporting purposes only. The purchase, use, and ownership of knives are subject to a wide variety of local laws and regulations. Certain knife styles, blade designs, and blade lengths are not allowed in specific areas. In light of recent events involving national security, knives may not be permitted in government buildings or on government property (such as court houses, federal offices, national monuments, and airports), and government officials may take the position that knives are weapons under applicable laws. Due to the complexity and constantly changing nature of these laws and regulations, it is impossible for ZT Knives to be aware of every restriction in every location in which our knives may be sold or carried. It is the responsibility of the buyer to investigate and comply with the laws and regulations that apply in his or her specific area. You, and not ZT Knives, are solely responsible for any claims resulting from violation of these laws and/or regulations.

**LIMITED LIFETIME
WARRANTY**

ZT products are guaranteed for the lifetime of the original owner to be free of defects when received from the factory. Any product we find to be defective in its original material, construction, or workmanship will be repaired or replaced with the same item or one of equal value at no charge. (Of course, normal wear, abuse such as prying with the knife, or neglect are excluded from this non transferable warranty.) For warranty service, please return product via UPS or insured mail. Include your name, address, telephone number, proof of purchase (sales slip), and a short explanation of the warranty service requested.

We reserve the right to change specifications or materials at any time without notice.
